Public Participation in Board Meeting

The Board of Directors encourages all citizens of the Charter School to express their ideas and concerns. The comments of the community will be given careful consideration. In the evaluation of such comments, first priority will be the Charter School students, aligned with the District Mission, Bylaws, policies and the educational programs.

**NOTICE**

**DUE TO THEIR SENSITIVE NATURE, COMMENTS OR COMPLAINTS ABOUT PERSONNEL OR INDIVIDUAL STUDENTS WILL ONLY BE HEARD IN EXECUTIVE SESSION. ADDITIONALLY, OTHER TOPICS YOU WISH TO ADDRESS MAY ONLY BE APPROPRIATE FOR EXECUTIVE SESSION. IN SUCH INSTANCES, THE BOARD WILL DETERMINE IF YOUR COMMENTS ARE APPROPRIATE FOR OPEN OR EXECUTIVE SESSION AND WILL NOTIFY YOU ACCORDINGLY.**

Any complaint about the Charter School, including instruction, discipline, school personnel policy, procedure, or curriculum, should be referred through proper administrative channels before it is presented to the Board for consideration and action. All complaints should be resolved through proper channels in the following order:

1. Teacher or staff;
2. Supervisor, if applicable;
3. Administrator, if applicable;
4. Superintendent; then
5. Board of Directors.

Members of the public will not be recognized by the Chair as the Board conducts its official business except when the Board schedules public discussion period on a particular item. The Board will listen to the public but, at the same time, expects the public to listen and speak only when properly recognized.

Uniform Grievance Procedure

It is the Board's desire that administrative procedures for settling complaints and grievances of any and all persons (i.e., staff, students, patrons, hereinafter "Grievant") be an orderly process within which solutions may be pursued. Further, that the procedure provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each grievant be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Grievance Procedure

This grievance procedure should be followed if a grievant believes that the Board, its employees or agents have violated the grievant's rights guaranteed by the State or federal constitutions, State or federal statutes, or Board policy.

The Charter School will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

**Level 1: Informal:** A grievant with a complaint is encouraged to first discuss it with the teacher, counselor, or administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

**Level 2: Administrator:** If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the Administrator within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the Administrator shall investigate and attempt to resolve the complaint. If either party is not satisfied with the

Administrator's decision, the grievance may be advanced to Level 3 by requesting in writing that the Board review the Administrator's decision. This request must be submitted to the Board within fifteen (15) days of the Administrator's decision.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the Administrator shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The Charter School has appointed Nondiscrimination Coordinators to assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Administrator within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Administrator agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Administrator rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator to the Board for a hearing.

**Level 3: The Board:** Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

Accommodating Individuals with Disabilities

Individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities on a basis equal to those without disabilities and will not be subject to illegal discrimination.

The Charter School may provide auxiliary aids and services where necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

The school Administrator or a designated teacher is designated the Americans With Disabilities Act Coordinator and, in that capacity, is directed to:

1. Oversee the District's compliance efforts, recommend necessary modifications to the Board, and maintain the District's final Title II self-evaluation document and keep it available for public inspection for at least three (3) years after its completion date [**For districts having fifty (50) or more full- or part-time employees**].
2. Institute plans to make information regarding Title II's protection available to any interested party.

Individuals with disabilities should notify the Administrator if they have a disability which will require special assistance or services and, if so, what services are required. This notification should occur as far as possible before the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Administrator, as the Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

The Charter School will provide the parent or guardian of each student who has a disability with a copy of the Procedural Safeguards Notice available on the website of the Idaho State Department of Education. This notice will be provided one time each year. It will also be provided, as outlined in 34 C.F.R. 330.504(a), upon initial referral or parental request for an evaluation, upon filing a request for a due process hearing, upon a disciplinary action constituting a change in placement, and upon the request of a parent or guardian. The notice must be provided in the parent or guardian's native language unless it is not feasible to do so.

Records Available to Public

Subject to the limitations provided herein, and as provided by law, full access to public records concerning the administration and operations of the Charter School shall be afforded to the public. Public access to Charter School records shall be afforded according to appropriate administrative procedures.

Every person has the right to examine and take a copy of any public record at all reasonable times. All Charter School records except those restricted by state and federal law shall be made available to citizens upon written request for inspection at the Charter School office.

The Superintendent shall serve, or designate someone to serve, as “Public Records Coordinator” with the responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, retention, and copying requirements of federal law, state law, and this policy. Responsibility and authority for indexing shall include identifying the general subject matter of all public records kept or maintained by the Charter School, the custodian of these records, and their physical location. The identified physical location of the Charter School’s records is provided in the Retention of Charter School Records Policy. The Public Records Coordinator shall authorize the inspection and copying of the Charter School's records only in accordance with the criteria set forth in this policy and in compliance with state and federal laws.

A written copy of the Board’s minutes shall be available to the general public within a reasonable time after the meeting in which they are approved. Drafts of the Board’s minutes are considered to be public records and shall be produced upon request. However, the Charter School shall watermark such public records with the statement “Unofficial Draft Minutes not yet reviewed or approved by Board.”

Definitions

A written copy of the Board’s minutes shall be available to the general public within a reasonable time after the meeting in which they are approved.

A “Public record” includes any writing containing information relating to the conduct or administration of the public's business prepared, owned, used, or retained by any state agency, independent public body corporate and politic, or local agency regardless of physical form or characteristics.

A "Writing" includes, but is not limited to, handwriting, typewriting, printing, photocopying, photographing, and every means of recording, including letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or

paper tapes, photographic films and prints, magnetic or punched cards, discs, drums, or other documents.

Public records of the Charter School do not include the personal notes and memoranda of staff that remain in the sole possession of the maker and which are not generally accessible or revealed to other persons.

### Records Exempt from Disclosure

In accordance with Idaho Code, the following records shall **NOT** be subject to public inspection and/or copying:

1. Any public record exempt from disclosure by federal or state law or federal regulations to the extent specifically provided for by such law or regulation;
2. Retired employees' and retired public officials' home addresses, home telephone numbers, and other financial and non-financial membership records;
3. Records of a current or former employee other than the employee's duration of employment with the Charter School, position held, and location of employment. This exemption from disclosure does not include the contracts of employment or any remuneration, including reimbursement of expenses. All other personnel information relating to an employee or applicant including, but not limited to, information regarding sex, race, marital status, birth date, home address and telephone number, applications, testing and scoring materials, grievances, correspondence, retirement plan information and performance evaluations, shall not be disclosed to the public without the employee's or applicant's written consent;
4. Records relating to the appraisal of real property, timber, or mineral rights prior to its acquisition, sale, or lease by the Charter School;
5. Any estimate prepared by the Charter School that details the cost of a public project until such time as disclosed or bids are opened, or upon award of the contract for construction of the public project;
6. Records of any risk retention or self-insurance program prepared in anticipation of litigation, or for analysis of, or settlement of potential or actual money damage claims against the Charter School and/or its employees except as otherwise discoverable under the Idaho or federal rules of civil procedure. These records shall include, but are not limited to, claims evaluations, investigatory records, computerized reports of losses, case reserves, internal documents, and correspondence relating thereto. At the time any claim is concluded, only statistical data and actual amounts paid in settlement from public funds shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided however, nothing in this subsection is intended

to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency or independent public body corporate and politic;

7. Computer programs developed or purchased by or for the Charter School for its own use. As used in this subsection, "computer program" means a series of instructions or statements which permit the functioning of a computer system in a manner designed to provide storage, retrieval, and manipulation of data from the computer system, and any associated documentation and source material that explain how to operate the computer program. Computer program does not include:
  - A. The original data including, but not limited to, numbers, text, voice, graphics, and images;
  - B. Analysis, compilation, and other manipulated forms of the original data produced by use of the program; or
  - C. The mathematical or statistical formulas that would be used if the manipulated forms of the original data were to be produced manually.
8. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act, Idaho Code, and adopted Charter School policy;
9. Test questions, scoring keys, or other examination data used to administer academic tests;
10. Records relevant to a controversy to which the Charter School is a party but which records would not be available to another party under the rules of pre-trial discovery for cases pending resolution;
11. Records of buildings, facilities, infrastructures, and systems when the disclosure of such information would jeopardize the safety of persons or the public safety. Such records may include emergency evacuation, escape, or other emergency response plans, vulnerability assessments, operation and security manuals, plans, blueprints, or security codes.

However, all personnel records of a current or former public official reflecting public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace, and employing agency are subject to public inspection and/or copying.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the Charter School shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

## Response to Requests

The Charter School may require that a public records request be submitted in writing with the requester's name, mailing address, email address, and telephone number. A request for public records may be conducted by electronic mail. The Charter School may provide the requester information to help the requester narrow the scope of the request or to help the requester make the request more specific when the records requested are voluminous or costly.

The Charter School shall either grant or deny a person's request to examine or copy public records within three (3) working days of the date of the receipt of a request for public records. If a longer period of time is needed to locate or retrieve the records, the Charter School shall notify the person requesting the records of the same and provide the records to such person not later than ten (10) working days following the request. In the event an individual requests a record be provided in electronic format, the Charter School shall provide the record in electronic format if the record is available in that format. If a record is requested in electronic format and the record cannot easily be converted to electronic format within ten (10) working days, the Charter School shall notify the person requesting the records of this fact and provide them with an estimate of the time necessary to complete the conversion. The documents shall then be provided at a time mutually agreeable to the parties giving consideration to any limitations that may exist regarding electronic conversion.

If the Charter School fails to respond, the request shall be deemed to be denied within ten (10) working days following the request. If the Charter School denies the request for examination or copying the public records or denies in part and grants in part the request for examination and copying of the public records, the public records coordinator shall notify the person in writing of the denial or partial denial of the request for the public record. The notice of denial or partial denial shall state that the attorney for the Charter School has reviewed the request or shall state that the Charter School has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has chosen not to do so. The notice of denial or partial denial also shall indicate the statutory authority for the denial and indicate clearly the right to appeal the denial or partial denial and the time periods for doing so.

The Public Records Coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

## Fee Waiver

The Charter School will adhere to its copying cost per copy as it is determined that the individual making such a request has demonstrated information sufficient to fulfill the following test:

1. That the requester's examination and/or copying of public records is likely to contribute significantly to the public's understanding of the operations and activities of the government;
2. That the requester's examination and/or copying of public records is not primarily in the individual interest of the requester including, but not limited to, the requester's interest in litigation in which the requester is or may become a party; and
3. That the requester's examination and/or copying of public records will not occur if fees are charged because the requester has insufficient financial resources to pay such fees.

Upon a request that fees not be charged, and the Public Records Coordinator's consideration of the above factors, the Public Records Coordinator shall notify the requester in writing of their decision within ten (10) working days following the request. If the fee waiver is denied, the requester shall then have seven (7) days to file an appeal of the denial with the Administrator. The Administrator shall review the denial and either affirm or reverse the denial of the public records coordinator in writing within ten (10) working days of receipt of the appeal. In the event that the Administrator is the Public Records Coordinator then the appeal shall be filed within seven (7) days to the Board of Directors. At the Board's next regularly scheduled meeting, the Board shall review the denial of fee waiver and either affirm or reverse it. There shall be no further appeal beyond the Board.

The request shall not be fulfilled or prepared, and the time for response will not begin to run, until such time as the final determination as to fees has been addressed and any fees to be charged have been paid.

A requester may not file multiple requests for public records solely to avoid payment of fees. If the Charter School suspects that this is the case then it can aggregate the related requests and charge based upon its copying fee schedule.

## Fee Schedule

The copying fee schedule of the Charter School is as follows:

1. The Charter School shall not charge a fee for the first 10 pages of records or the first two (2) hours of labor in responding to a request;
2. Copies of public records - .10¢ per page (cannot exceed actual cost) for copies beyond the first 10 pages or beyond the first (1) hour of labor in responding to a request;

The Charter School will charge for the labor costs associated with locating and copying documents if:

- A. The request is for more than 10 pages of records;
  - B. The request includes non-public information that must be redacted from the public records; and/or
  - C. The labor associated with locating and copying the records exceeds one (1) hour.
3. The fees for labor associated with responding to a public records request shall be charged at the per hour pay rate of the lowest paid administrative staff employee of the Charter School who is necessary and qualified to process the request;
  4. The fees associated with redactions required to be made by an attorney employed by the Charter School shall be charged at the lowest paid hourly rate of the lowest paid attorney employed by the Charter School or if there are no attorneys employed by the Charter School than the rate shall be no more than the usual and customary rate of the attorney retained by the Charter School.
  5. Copy of a duplicate computer disc or similar record system the fee shall not exceed:
    - A. The Charter School's cost of copying the information in that form;
    - B. The Charter School's cost of conversion, or the cost of conversion charged by a third party, if the electronic record must be converted to electronic form.

Fees shall be collected in advance. The Charter School shall provide requesters with an itemized statement of fees to show the per page costs for copies and the hourly rate of employees and attorneys involved in responding to the request.

Violation of this policy by an employee is just cause for and may result in employee discipline, up to and including possible termination.

Violation of this policy by a patron or parent may result in an action by the board, pursuant to the provisions of the Idaho Code, to exclude an individual from being present on the school property. The authority of the Board in this regard may be delegated to the Superintendent via policy or board directive, noted in the school's Board Meeting minutes.

Designated events or activities where recording or photographs, as noted, are permitted:

8. Audio and/or video recordings and/or photographs of commemorative employee events such as awards or retirements as long as the employee subjected to the recording or photographing has granted permission to record or photograph.

  - a. The administration is granted discretion, through this policy, to waive the three (3) day requirement and/or written request requirement in situations whereby the administration believes such waiver to be appropriate.

    - iv. Whether the recording and/or photography trigger any concerns about the collection or disclosure of any confidential or private information.
4. The Administrator's decision shall be final and accordingly, a decision to grant or deny a request is at the sole discretion of the school's administration.
5. The Administrator's decision may include limitations or conditions. Such limitations or conditions must be followed or the Administrator may stop the previously approved recording/photographing.

Authorities:

Relations with the Law Enforcement and Child Protective Agencies and Reporting Obligations

The primary responsibility for maintaining proper order and conduct in the schools belongs to the staff.

Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law occurring during school hours or at school activities.

Law enforcement is responsible for holding students accountable for violations of state and federal law. Examples of where such instances could occur include, but are not limited to:

- Illegal drug possession, distribution or use
- Weapons possession or use
- Bomb threats
- Serious threats to the health and safety of other students or adults
- Threats of violence
- Sexual abuse
- Serious thefts or damage to property

There will be situations where there is an overlap of school accountability and law enforcement accountability for the same act. The school's administrative personnel shall take all best steps to assure that they do not interfere with a law enforcement investigation or possible prosecution of a crime.

Pursuant to the Idaho Child Protective Act, all school personnel who have reason to believe that a child under the age of eighteen (18) has been abused, abandoned or neglected or who otherwise observes a child being subjected to conditions or circumstances which would reasonably result in abuse, abandonment or neglect shall report or cause to be reported, within twenty-four (24) hours the conditions or circumstances giving rise to such to law enforcement or the Department of Health and Welfare. Failure to make such a timely reporting is a misdemeanor.

Pursuant to Section 33-512B, Idaho Code, if any school employee has knowledge of direct evidence the suicidal tendency of a student the employee must report such knowledge to the school's Administrator. Thereafter, the school's Administrator and the school employee shall jointly contact the student's parent to address such concern. For the purpose of this policy and the applicable law, direct evidence means any evidence which directly proves a fact without inference and which in itself, if true, conclusively establishes that fact. Such would include unequivocal and unambiguous oral or written

statements by a student which would not cause a reasonable teacher to speculate regarding the existence of the fact in question.

The District shall strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective, and school authorities shall be established. Such procedures shall be made available to affected staff and periodically revised.

Sex Offenders

The Charter School recognizes the danger sex offenders pose to student safety. Therefore, in an effort to protect students while under the control and supervision of the Charter School, the Charter School is implementing this policy.

For purposes of this policy, “school property” means school buildings, school buildings not being used as a school, vehicles used for school purposes, any location being utilized during a school athletic event or other school-sponsored event, properties posted with a notice that they are used by a school and school grounds.

Visitors are welcome on school property provided their presence will not be disruptive. All visitors, including parents of students (unless otherwise exempted), must initially report to the building Administrator’s office. Any person wishing to confer with a staff member must contact that staff member by telephone to make an appointment. Conferences with teachers are held outside school hours or during the teacher’s conference/preparation period.

The Charter School expects mutual respect, civility and orderly conduct among all individuals on school property or at a school event. No person on school property or at a school event shall:

3. Damage or deface Charter School property;

State law prohibits a person who is currently registered or is required to register under the sex offender registration act to:

1. Be on or remain on the premises of a school building or school grounds, or upon other properties posted with a notice that they are used by a school, when the person believes children under the age of eighteen (18) years are present and are involved in a school activity or when children are present within thirty (30) minutes before or after a school activity.

4. Reside within five hundred (500) feet of a school, measured from the nearest point of the exterior wall of the offenders' dwelling unit to the school's property line, unless the person's residence was established prior to July 1, 2006.

All notices posted as required by Idaho Code, shall be at least one hundred (100) square inches, make reference to I.C. § 18-8329, include the term "registered sex offender" and be placed at commonly used entrances to the property. In addition, there shall be at least one (1) notice posted every six hundred sixty (660) feet along the property line.

Sample posted notice:

"This property is used by or as a school. Pursuant to I.C. § 18-8329, registered sex offenders only have limited rights to enter upon or be near school property. Please contact the school at \_\_\_\_\_ (telephone number) or your probation/parole officer for more information."

Provided, however, section numbers 1 and 2 immediately above shall not apply when the person:

- B. Resides at a state licensed or certified facility for incarceration, health care or convalescent care; or
- C. Is exercising his or her right to vote in public elections;
- D. Is taking delivery of his mail through an official post office located on school grounds;

[Note: These provisions are required for an individual who is dropping off or picking up a student and is the student's parent or legal guardian, is attending an academic conference or other scheduled extracurricular event, or is temporarily on school grounds, during school hours, for the purpose of delivering mail, food, or other items.]

An individual seeking written permission as outlined above must contact the Charter School at least ten (10) work days prior to the first visit. In determining whether to grant written permission as provided above, the Charter School may, in its discretion, consider the nature of the offense committed, the time since an offense has been committed, the safety of the students, the likely disruption caused by the individuals access to the property, or any other factor. The Charter School will provide a response to the requesting individual within seven (7) days of receipt of the request.

#### Sex Offender Registry Notification

The Administrator or his/her designee shall request notification of registered sex offenders in the same or contiguous zip codes as the Charter School. The request can be made of either the Idaho State Police, the local Sheriff's Department, or the Idaho State Superintendent of Public Instruction. Such request and notification shall be made in accordance with Idaho Codes. The information in the sex offender registries is for purposes of protecting the public. It is not to be used for the purpose of harassing or intimidating anyone.

#### Staff Notification

The Administrator shall disseminate sex offender registry information when received. The Administrator shall inform staff of the roles and responsibilities of staff in dealing with instances of convicted sex offenders on school property, including, but not limited to, sex offenders on school property without approval, and/or if a staff member is the school official assigned to escort the sex offender.

When sex offender registry information is disseminated by the Administrator, it shall include a notice that such information should not be shared with others and may only be used for the purposes discussed in this policy and in accordance with Idaho Code. Employees who share registry information with others may be disciplined.

The Administrator or designee will request that the person act civilly or otherwise refrain from the prohibited conduct. If the person persists with uncivil or prohibited behavior, the Administrator shall request that the person immediately leave school property and may contact law enforcement, if appropriate.
- If a sex offender violates this policy, school officials shall immediately contact law enforcement.

For purposes of this policy, “school property” means school buildings, school buildings not being used as a school, vehicles used for school purposes, any location being utilized during a school athletic event or other school-sponsored event, properties posted with a notice that they are used by a school and school grounds.

Visitors are welcome on school property provided their presence will not be disruptive. In general, contact with non-school personnel will normally not be permitted.

All visitors, including parents of students (unless otherwise exempted), must initially report to the building Administrator’s office. Any person wishing to confer with a staff member must contact that staff member by telephone to make an appointment. Conferences with teachers are held outside school hours or during the teacher’s conference/preparation period.

The Charter School expects mutual respect, civility and orderly conduct among all individuals on school property or at a school event. No person on school property or at a school event shall:

18. Impede, delay, disrupt or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner);
19. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the school board;
20. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized Charter School employee’s directive;

- Engage in any risky behavior, including rollerblading, roller skating or skateboarding;  
or  
21. Violate other Charter School policies or regulations, or an authorized Charter School employee's directive.

No person shall disrupt or obstruct any school program, activity, meeting or threatens to do such, or commit or threaten to imminently commit, or incite another to commit any act that will disturb or interfere with or obstruct any lawful task, function, process or procedure, of any student, official, employee, invitee of the Charter School,

- Anyone observing a parent/guardian or other person violating this policy shall immediately notify the Administrator or designee.
- The Administrator or designee will request that the person act civilly or otherwise refrain from the prohibited conduct.

Public Gifts/Donations to School – Parent Groups

Any Parent Group that may exist is a private entity and legally separate from the Charter School. Any such entity is responsible for its own corporate/business status as well as any other operational and legal requirements. Any such entity has no administrative, operational or governance authority over the Charter School. The Charter School is not responsible for and is not liable for any action or inaction of any parent Group.

**Fund-Raising**

Any fund-raising activity that in any manner involves the activities of students/staff during the school day or involves the use of any school property must be pre-approved by the Charter School Administrator. In no manner shall any fund-raising activity disrupt the educational environment of the school or the student’s educational activities.

Absent specific written Administrative and Board pre-authorization, the Charter School shall only support one (1) school-related fund raiser conducted each school year. Associated with such fundraising activity shall only be a single letter home to alert the parent of the fundraiser and any logistical information they may need associated with the fundraiser. Any proceeds associated with any fundraising activity shall be maintained in a separate fund.

**Parameters for Use of the School’s Name or Logo**

The use of the Charter School’s name, or logo by any organization must be pre-authorized by the Charter School’s Administrator in writing.

The Administrator and/or the Board of the Charter School may revoke authorization if the Administrator and/or Board determines that the organization’s use of the name, logo or mascot is no longer in the best interest of the Charter School. The Administrator, Board or designee will notify the organization in writing of the revocation of this authority.

## **Gifts and Donations to the Charter School**

Gifts, donations, grants and/or bequests will be accepted by the Charter School if determined appropriate by the Board of the Charter School, and/or with the School Administration and any other designee as determined by the Board.

The term “gift” or “donation” includes any and all funds raised by any organization on behalf of the Charter School. Accordingly, the provisions of this policy shall apply to funds raised on behalf of the school by a third-party organization such as a Parent Group.

In consideration of whether or not a gift, donation, grant and/or bequest will be accepted the following shall be considered:

1. The acceptance of the gift, donation, grant and/or bequest does not remove any degree of control of the Charter School from the Board.
2. The availability of funding in the Charter School’s budget to install and/or maintain donated gift, donation, grant and/or bequest (i.e.: playground equipment), in both the long and short term.
3. Such gift, donation, grant and/or bequests are in compliance with all safety requirements of the Charter School.
4. Acceptance of such gift, donation, grant and/or bequest shall not result in any discriminatory outcome and/or violate any regulation of the IHSAA.
  - For example, no gift, donation, grant and/or bequest shall create a vast difference in benefits or services to female and male athletes and/or students. The Charter School must ensure that any gift, donation, grant and/or bequest contribution does not create a disparity in participation opportunities, equipment, facilities, etc. between males and females.
5. Acceptance of such gift, donation, grant and/or bequest shall not result in the violation of any state or federal law, rule or regulation.
6. Whether or not the gift, donation, grant and/or bequest meet an educational purpose of the Charter School, given the Charter School’s policies, goals, mission and vision, remaining consistent with the Principles of the Harbor Method.

Additional factors may be considered by any respective Board and/or the School’s Administration and/or designee as determined to be appropriate in any particular situation.

The Charter School reserves the right to accept or decline any proposed gift, donation, grant and/or bequest.

Propositions giving gift, donation, grant and/or bequests to the Charter School with a “matching agreement” or restriction are discouraged and generally not acceptable.

Anyone contemplating presenting a gift, donation, grant and/or bequest to the Charter School is encouraged to discuss, in advance, with the Charter School Administration what gift, donation, grant and/or bequests are appropriate and needed by the Charter

School. Any organization desiring to conduct a fundraiser for the benefit of the school should communicate with the school in advance of engaging in any fundraiser.

Any gift, donation, grant and/or bequest accepted by the Charter School shall become the property of the Charter School. In subsequent years, while the intent of the gift, donation, grant and/or bequest will be considered, the Charter School reserves the right to modify the use if the needs of the students or the Charter School change.
